FACULTY CHANGES MADE THIS FALL

Two Vacancies Temporarily Filled—Bart Carroll to Be Associate Physical Director

There have been several changes in the faculty personnel this year caused by leaves of absence and the need of a larger teaching staff. Professor Cleveland K. Chase, who during the past year travelled extensively in Europe and studied at Oxford and Rome, has resumed his duties as professor of Latin. During his absence Professor James D. Rogers, '89, was acting head of the Latin department.

This fall Professor William P. Shepard, '92, and Dean Arthur Percy Saunders will be on sabbatical leave. A. Mortimer Erskine, Bachelor of Chemistry, 1914, and Doctor of Philosophy, 1920, at Cornell University, will assume the work of the Chemistry department. Dr. Erskine filled the place left vacant at Smith College by a professor of chemistry on leave during the past year. Professor Shepard's place as head of the department of romance languages is being held by Francis A. Waterhouse, who holds the degrees of A.B., A.M., and Ph.D., from Harvard University. Professor Waterhouse has secured a leave of absence from the University of Texas to take up his duties here After graduation from Harvard, he taught continuously at Dartmouth College, Bowdoin College, the University of Pennsylvania, and the University of Texas. Professor Edward Fitch has consented to take the conduct of attendance in the absence of Dean Saunders. He will therefore hold the title of acting dean.

Bartlett J. Carroll of the class of 1916 at Colgate University, has for several weeks now been rounding the football squad into shape. He has coached at St. Lawrence and Colgate Universities since graduation. Besides his work in football, he wil' coach basketball in winter and track next spring. He has been appointed assistant physical director.

The position of assistant in the departments of biology and chemistry is being filled by Howard B. Hart, Hamilton, '21. Recently he was engaged in the business field in Utica.

COLLEGE CHOIR REORGANIZES

The college choir has been enlarged to some extent this year. There are now thirty members, and Professor Fancher hopes to find at least ten more men. If there are men in college who wish to try out for the choir, they may do so by seeing Professor Fancher. As there are too many men to be accommodated in the choir pews, arrangements have been made for some of the men to sit in the balcony, directly above the platform. Definite plans for the future have not yet materialized, but it is expected that within a few days further announcements will be made.

The men who have already been chosen for the choir are: Moore, '24, Riedel, Holmes, Thompson, A. R. Brush, Warren, A., Bates, Soper, Mcfin, P. N., McGiffin, N. H., Hastings, Culver, Fredenburg, McHargue, Vail, Turner, J. B., Garypie, Robinson, Bohn, Mahannah, Perrine, Cretien, Lynn, Scott, Baer, Embury, Burke, Lonsdale, Nichols, Croasdaile.

FROSH RECEPTION HELD IN COMMONS

Y. M. Entertains First Year Men with Lively Program—Soph Wins Boxing Bout

On September twenty-fifth, under the direction of Hawley Fitch, the president of the Y. M. C. A., the first reception of the year was held by the organization in Commons Hall. The purpose of this meeting was to enable the members of the freshman class to become acquainted with the men of the three upper classes.

Hawley Fitch presided at the reception and explained to the freshmen in what way the "Y" would benefit them. Each Saturday evening movies are given by the organization in Commons Hall for the benefit of the students. The rooms are open at all times and may be used for meetings or as reading rooms.

Following this explanation concerning the benefits of this institution, Fitch called on Dr. Ferry, who was the first speaker of the evening. He pointed out the value of a college education which one may gain by applying himself to the work at hand n the proper fashion. He went on to say that each course has its own particular purpose and that more failures are due to an improper approach of the work than anything else.

Professor Bonham was then called upon to say a few words. His short address was filled with clever stories and witticisms which he employed to bring out the aim and trend of his speech.

Finally Dr. Fitch was asked to explain the purpose and benefits of the College Church. He said that although attendance at the College Church is compulsory, its membership is voluntary and may be joined by any undergraduate.

The Chairman then called upon Carl Warren, the captain of the football team, to say a few things in regard to football. Mr. Warren encouraged the freshmen to try out for the team, both for their own good and for that of the team. Following Warren's speech, Weld, manager of football, very earnestly told the college of the team's true value and exhorted the remainder of the student body to come out for cheering practice and to get behind the team.

As the final speaker, Watson Thompson, captain of cross country and hockey, spoke concerning the value to all men who intended to go out for any sport later in the year, that the training acquired in cross country would give them.

During the few minutes between speeches songs were sung by all and at the end the college orchestras played a few popular numbers.

The final event was perhaps the most exciting of all. It was a four round, decision boxing match between Kutz, '25, and Sailor, '26.

The first round was rather slow, except for a terrific right hook with which Kutz staggered Sailor during the last minute. During the second

(Continued on page 6.)

Y. M. C. A. ANNOUNCES PLANS FOR COLLEGE YEAR

Starts Drive for Membership—Will Conduct Saturday Night Movies in Commons as Usual

The annual drive for members for a swift start last week. Dues this year the college Y. M. C. A. got away to are the same as in previous years, amounting to one dollar. Men have been selected to sign up members in the various houses and dormitories.

The program this year will be very similar to that carried out last year. One of the big features will be the regular Saturday night movies, which will start in the immediate future. Paramount productions and Mack Sennett comedies have been secured by Philo McGiffin, '23, in charge of entertainment in the absence of John Howe, '24, who has been ill with appendicitis in the hospital. Distributors have in all cases made great reductions in charges for the films, and consequently the Y. M. C. A. is able to put on really fine movies at a lower price than usual. However, in order to make a go of the undertaking, it has been urged that the college patron ze them to the fullest possible extent.

Sunday night talks and song services will be much the same as last year. Bible classes started the first Sunday after college opened. There are to be two classes this year, upperclassmen and sophomores in one and freshmen in the other.

In order to facilitate the handling of mail in the old billiard room, the pool table has been taken upstairs. The "Y" will not undertake to operate hot dog stands at the football games this year. The Blue Books were issued to freshmen before the opening of college this year, and the "fresh Bible" seems to be somewhat superior in some ways to that of last year, on of which is its condensation.

This year's officers include: R. Hawley Fitch, '23, president; William P. Fenn, '23, vice president; Paul S. Olver, '24, treasurer, and Phlip G. Scott, '25, secretary. The cabinet consists of Philo N. McGiffin, '23, publicity; Jay G. Williams, '23, vicinity work; Julian C. Kaiser, '23, speakers; John Q. Howe, '24, entertainment; Richard Wood, '24, membership; William F. Hoyt, '25, Bible study; and Wilfred T. Packer, '25, house. John Toaz and Herbert Merritt, both of '25, were recently made members of the cabinet.

BAER, '24, TAPPED WAS LOS

After chapel, on the morning of September 22nd, Was Los, the Junior honorary society, tapped William Busch Baer, '24, into its membership. Baer was tapped to take the place of Marhlon G. Snell, '24, who was unable to return to college this year.

Was Los is a society, organized for the purpose of promoting better fellowship among the college men. This fall the members have been acting as an advisory committee for the Freshmen, to help them get settled and acquainted with the customs of the campus. Any Freshman, who wishes to know anything about the rules of the college, can get the information from any man wearing a Was Los hat. The active members of Was Los are: A. Alison, Bates, Baer, N. McGiffin, Ogilvie and R. Wood.

FOOTBALL SCHEDULE

September 30—Williams 41, Hamilton 0
October 7—Rochester at Clinton
October 14—Stevens at Hoboken
October 21—R. P. I. at Clinton
October 28—Alfred at Clinton
November 4—St. Lawrence at Clinton
November 11—Union at Schenectady

FRATERNITIES PLEDGE MANY FRESHMEN

Large Delegations Selected From Freshman Class by Various Crowds

The members of the incoming class who have thus far been pledged to the various fraternities are as follows:

Sigma Phi: George Beebe, Buffalo; John Hutchens, Missoula, Mont.; John W. Chase, Clinton; Garner R. Weede, Binghamton; Frederick Mayer, '25, Baton Rouge, La.

Alpha Delta Phi: T. John Collins, Mexico; A. B. Walrath, Fort Plain; W. Richards, Phoenix; H. N. Holley, LaCrosse, Wis.; W. S. Hooper, Oshkosh, Wis.; W. B. Jackson, Binghamton; John Merwin, Canastota; H. J. Michel, Whitesboro; W. H. Ogden, Ithaca; S. L. Hinman, Utica; Gregsten Allen, Hinsdale, Ill.; Mark F. Esch, LaCrosse, Wis.

Psi Upsilon: Donald C. Bye, Lakewood, N. J.; Arthur W. Breen, Utica; Ray Brush, Huntington, L. I.; George B. Lenz, Jr., Gloversville; John D. Kelly, Utica; Walter C. Nicholson, Syracuse; Maurice Ireland, Norwich; Thomas Kirby, Albion; Thomas Ricketts, Johnstown; George W. Stanley, Clinton.

Chi Psi: Demming Payne, Liberty; David Paine, Syracuse; Gilbert Parker, Chapaqua; Vernon Montgomery, Scarsdale; John Mann, Milwaukee, Wis.; Ernest Button, Ithaca.

Delta Upsilon: William V. Sailor, Bellevue, Pa.; Wm. H. Freeman, Brooklyn; J. W. Walbridge, Oxford; Brent G. Orcutt, New York; Frank H. Robson, Worcester.

Delta Kappa Epsilon: C. Everts Mangan, Binghamton; Charles Anthony, Gouverneur; Edward O'Connell, Boston, Mass.; J. William Jenkins, Canandaigua; D. C. Comstock, Brewster; G. W. Slaughter, Walkill; Francis E. Rogers, '25, New Rochelle.

Theta Delta Chi: Joel Squier, New York; Leland Lyon, Glens Falls; Paul R. Lynn, Verona; Thomas A. Shields, Syracuse; Albert R. Fulton, Syracuse; Gilbert L. Van Vleet, East Orange, N. J.; Jay E. Hastings, '25, Syracuse.

Emerson Literary Society: E. W. Doty, Ilion; Edward Martin, New York Mills; C. D. Chrerian, Yonkers; Alan Lonsdale, Glen Rock; Paul R. Stuart, Montgomery; P. Daymont, Utica; Arthur Hunter, '25, New York.

Beta Kappa: Harold C. Bohn, Dumont, N. J.; Grant M. Selch, Round Lake; Claude Bardo, Lowville; B. Frederick Skinner, Susquehanna, Pa.

The entering class numbers 115 members at present, although this is not so large as was expecte from applications made last June. Of this number a large proportion of the men live outside of New York State.

VARSITY LOSES INITIAL GAME

Williams Heavy Team Pierces Buff and Blue Line—Hamilton's Fumbles Costly

SCORE 41-0

The Buff and Blue met its first test of the season on the gridiron at Williamstown last Saturday and, after a game fight against great odds, went down to a 41-0 defeat. The contest was clearly a case of a light and almost inexperienced eleven going against a heavier team of veterans. Williams, besides enjoying the advantage of playing on her own gridiron, had almost an unlimited number of substitutes to call upon. Time after time the lighter Hamilton line was pierced for gains that, in the end, told on its endurance. The hopes that were placed in the speed of the Buff and Blue backfield proved to be futile when the line was unable to break through the Williams defense. A lack of confidence was early shown to be a serious drawback to our men. Fumbles were frequent and, in most instances, costly.

Williams kicked to Morris, who ran the ball back but a short distance. The Buff and Blue failed to gain on two consecut ve plays and on an attempted kick a fumble gave the ball to Williams. After the first five minutes of play a clever trick play sent Monjo through the Hamilton line for a twenty-yard run and a touchdown. Then Hamilton tightened and it was not until near the end of the first half that Williams blocked a kick and broke through for the second touchdown. The half ended with Williams n the favorable side of the 14-0 score. In the second half the Buff and Blue le'ense crumbled and four more touchdowns were registered, two in each quarter.

Despite the fact that it was outplayed by its heavier opponent, the Hamilton team played a steady game that promises well for the remainder of the games on the schedule. For the first half it looked as though the game were to be a hard struggle. Williams' scoring came as a result of our team's fumbles. The line was holding well on the defensive. In the last half, however, Williams sent in fresh men who found little trouble in piling up the exhausted yet fighting Buff and Blue line. Fowler at center was a giant in Hamilton's defense and McGiffin at end proved to be a factor in breaking up the opposing interference. In the backfield Morris and Alison were able to make slight gains from time to time, the former completing a forward pass that resulted in a five-yard gain for a first down. Capt. Warren was the strength of the secondary defense. It is confidently believed that the weak spots so evident in Saturday's game will be remedied by next week and that Rochester will encounter here an eleven that will accept nothing but a victory. The defeat by Williams has made the team determined to take a sweet revenge on Rochester. Mallon found little difficulty in the new ruling concerning the try-for-point after a touchdown and he made five accurate kicks from scrimmage on the five-yard line.

To The Freshmen.

Over one hundred new men had been registered on Hamilton's roll of undergraduates this fall. Men collected from various sections of the country have been united in a unit which is to be the bulwark of the undergraduate body in the next three years. Taken as an individual, a freshman is a more or less subservient being starting out on his college course. Taken as a group, his class is a vital part of the student body.

It is often said that college can either make or break a man. It could be better worded that it makes a man, breaks a man, or else does nothing with him at all . These last two classifications are equally undesirable. The first ought to be the ultimate result for which each undergraduate strives. Whether he succeeds or not is a matter left entirely to the individual.

A good start is half the battle. If a freshman can master his studies—and he should see to it that he does—it is best for him and for the college that he participate in some undergraduate activity. The first attempt may prove discouraging, but it must be remembered that in four years of hard plugging on the athletic field, in the classroom, or in any competiton, surprising results can be obtained. A successful man is not made over night, but the man who has the quality of sticking to a job to the last and puts his very best into his work, reaps the greatest benefits of a college training.

Men of the Class of '26, the college offers much to you, and in return it expects much from you. You have a clean slate and four years in which to write a good record. Select an activity, go out for it, and stick to it. Whether or not you achieve your goal, your efforts will benefit you. They will at least help you to stand on your own legs and make you feel that you've done something to be considered an active part of the college body. It's up to you!

The Publication Problem.

There is an old subject discussed oftentimes in the columns of this paper which still remains unsolved. The persistency with which it brings itself to the attention of the undergraduates again and again is due to the fact that outside of a few men, very little interest is taken by the student body. The problem of financing the Hamilton publications again threatens the peace of the Hill, but it is evident to those closely connected with them that something has to be done.

The undergraduates have expressed their desire to continue the publication of all the Hamilton papers and periodicals, and yet they are unwilling to support them as well as they might. The alumni also have desired to see all those publications live a long and natural life, but even from them hearty support is lacking. Everyone realizes that outside of the benefits received on the Hill alone, a list of strong publications is a great asset to desirable and legitimate publicity. But such an undertaking must have the hearty support of the men in college in order to spread to other than local centers.

The Publication Board, in its attempt to organize the forces of the Hamilton publications, has considered the dangers and the possibilities of a renewed and active list of publications. It has made a club offer, solicited to the alumni and undergraduates of the college and is a very fair offer deserving not only the support, but the active interest of Hamilton men. The subscriptions to this offer the other day in chapel were not very encouraging. Whether or not this was due to the brevity of time that the undergraduates had to consider the question, remains to be seen. A list of those who have not yet subscribed is in the hands of the business managers of the papers. These men will be approached and asked to fill out their subscriptions. If the undergraduates want to see all these publications flourish, it is up to them to give their support. The alumni, too, will be given the club offer. Let's see this thing through and back up the publications.

LIFE BOARD CALLS FOR COMPETITORS

Sophomore and Freshmen Needed on Board—Rules Given for Competition Which Starts At Once

A freshman and sophomore competition for the **Life** board will be conducted this year starting with the first issue of the paper and continuing until the early spring. From the sophomore competitors, one or two men will be chosen according to their ability in handling assignments and proof of their general fitness in this kind of work. These men will be chosen at the first election for the board some time in the spring and the competition will be closed. For the freshmen competitors, however, one or two men will be selected in the spring and two or three more at a later date. All men who are interested in the try-outs must report to the editor if they have not already done so.

The standing of the competitors will be judged by their general ability and the number of words credited to them at the end of the competition. This year, no extra credit will be given for Spice of Life, or alumni notes, but each article submitted will be competed on an equal basis. The editor asks that men trying out for positions on the board hand in their marked copies at intervals of about every three weeks. The following rules will be strictly adhered to:

1. All articles must be typewritten.
2. Copy paper must be used. (This paper can be obtained at the college store. Size of paper is 6 X 9 inches.)
3. It is necessary that articles be handed to the editor on the date they are due.
4. Double space all copy.
5. The headings of the articles will not be credited to the competitors.
6. Number each page.
7. When claiming credit for an article, be sure first that it is your article. Count the words and mark the total number at the head of the article. Put down the total number of words on a page at the top of the page, and then put the total number of words for which you claim credit for the entire issue at the top of the front page. Be sure your name and class appears thre also. Hand in the marked copy to the editor.

It will pay you to listen to this music

ALL over the country the whistle is blowing for the kick-off, the start of that great game—another college year.

Be on your toes when the whistle blows. A good start will carry you well on toward your goal.

Let the football candidate start by working away till his muscles ache from bucking the line.

Let the aspirant for manager put in careful study of his team's needs, always eager to help—arranging a trip or carrying a pail of water.

Let the publications man be alert for news and tireless in learning the details of editorial work.

Whatever activity you come out for, crowd a lot of energy into these early Fall days.

And if a good start helps win campus honors, it helps win class room honors, too. The sure way to be up in your work is to aim now for regularity at lectures, up-to-date note-books and particular attention to the early chapters of text-books, thus getting a grip on the basics.

This is best in the long run, and—selfishly—it is easiest in the long run. That is, if life after college is made easier by the things a bigger income can buy.

SOPHS TRIM FROSH IN ANNUAL GAME

Poor Exhibition of Playing Results in High Score of 16 to 15

On the afternoon of Saturday, September 23rd, the sophomores triumphed over the freshmen in a five-inning game of baseball on the new baseball diamond. The score, 16-15, indicates the brand of ball that was played. Both teams suffered miserably from poor fielding. A few good hits were made. Aitken's two-bagger in the last inning sewed up the game for the sophomores.

Coach Prettyman's purpose in arranging for the game was to acquaint himself with the baseball material in the under classes. Fall baseball practice has been started for those men who are not out for a fall sport.

Line-up and score:

IMPROVEMENTS ON HILL MADE DURING SUMMER

New Road Almost Completed—Football Field Seeded and Grandstand is Being Constructed

Owing to the necessity of having the Hill open to traffic by the middle of September, it has been impossible to carry out the full program of improvements planned for the summer. The completion of the eight new tennis courts, especially, has been greatly delayed by bad weather and the press of other work. The hill road itself will be finished, in its main details, in some ten or fifteen days, although the work of re-cutting the driveways to the various houses will take much longer. The annual hill-climbing contest for stock cars, which in previous years has been held at Richfield Springs, Chittenango, etc., will take place here on Oct. 14.

The most important improvements made during the summer were in connection with the football field. This has been harrowed and re-seeded, and should prove much more satisfactory than last year's. In addition ,the old bleachers have been transferred to the north side of the field, and a new and much larger wooden grandstand is under construction on the south side. This will be in six sections, having a total seating capacity of 1080 and will cover the entire reach of the southern bank. It is estimated that the cost of this structure will be $2,500, of which $1,500 has been appropriated by the trustees, the remainder to be paid in four years by the Athletic Association.

A much-needed change has been made in the gymnasium, where the old swimming tank has been boarded over. The resulting space has been turned into a supply room, and a store room for the college athletic equipment.

UNDERCLASS ROWS MARK OPENING DAY OF COLLEGE

Frosh Worsted in Chapel Row, Races and Wrestling Matches but Win Tug-of-War

The class of '26, one of the largest enrolled in the history of the college, rowed with the sophs Thursday morning, September 21. At the close of chapel a large number of spectators, upperclassmen, and particularly the sophs waited for the slimers to make their rush down the chapel steps. Above the chapel door sophs hand-grenaded the freshmen with bags of flour, as they plunged into the veterans of '25. After five minutes of terrific struggle, both sides claimed the victory after the manner approved by long custom. However, bystanders expressed the opinion that the frosh got the worst of the row, due largely to the fact that they were unacquainted with each other. Black tape on their foreheads helped them to distinguish their classmates.

Wrestling matches, races, a tug-of-war, and the time honored "pee-rade" followed. It was in the tug-of-war that the sophs received a severe drubbing when the more numerous slimers dragged them through the fountain. Immediately the frosh attempted to form a "pee-rade" which the sophs as readily attempted to smash up. The sophs won two out of three of the wrestling matches, and also took four out of six of the grass races, and the relay race. In the heayweight class, Corto, '26, defeated Freidenberg, '25; in the middleweight, Hays, '25, downed Michels, '26; and in the lightweight, "Russ" Thompson, '25, put Esch, '26, on his back. In the grass races, Ricketts, '26, beat Foley, '25; Hatch, '25, won over Chase, '26; Valentine, '25, defeated Fulton, '26; R. Thompson, '25, beat Lenz, '26; Johnson, '25, outran Selch, '26, and Skinner, '26, beat Mahanna, '25. The winning soph relay team was composed of: H. Valentine, Croasdale, John Turner and Morris. The frosh aggregation included H. N. Holley, Freeman, Robson, and Lynn.

SOCCER TEAM LOSES TO CLARK MILLS

On Saturday afternoon the Hamilton College varsity soccer team played a practice game with the crack team of Clark Mills. The Buff and Blue team was able to hold the Englishmen to only four goals, and managed to penetrate the Clark Mills defense for two tallies. The game was played solely in order to help Coach Gelas to find the flaws in the team.

The men that played for the Buff and Blue were as follows: Palmer, center forward, Brownel, outside right, Wood, inside right, Moore, inside left, Payne, outside left, Marlowe, Turner and Brown, halfbacks, and Willard and Wayne, fullbacks, and Chevraux, goal guard.

The team showed much promise and gave evidence of delevoping a fast offensive and a strong defence. The stars of the game were the center forward of Clark Mills, and Marlowe, Wood and Brownel for Hamilton.

STUDENT GEOLOGISTS GAIN RENOWN

Reeder-Stone Survey of Talc Mines Praised by Owner

During last year's session, Dr. Nelson C. Dale, Professor of Geology in this college, assigned as a field and laboratory exercise to two of his students in geology 3-4, a survey of the talc mines near Natural Bridge, N. Y. These two men, R. J. R. Reeder and Walter C. Stone of the class of 1922, spent many hours examining this property and prepared a very thorough report. The owner of the mine obtained a copy of the Reeder-Stone report and was so impressed by it that he adopted it in place of one which had been compiled by two mining experts. During the summer, he made a trip in the interests of his property and on the basis of this report did business to the extent of several thousands of dollars.

Dr. Dale was so well pleased with the survey made by these two students that he sent the report to Dr. Smythe of the geological department of Princeton University. Dr. Smythe stated that he had never before seen so thorough and careful a survey made by any undergraduates. The recognition of the excellent work of Reeder and Stone thus comes from men who are interested in the theoretical and practical sides of such problems. Neither man, however, contemplates entering this field of work.

HON. ELIHU ROOT ADDRESSES UNDERGRADUATE BODY

The Hon. Elihu Root, '64, chairman of the Board of Trustees, addressed the college in the chapel on Friday morning, September 22, the day after the opening of the fall term. In his interesting talk he said that it is not so much the subjects students study in the class room, but the experiences and problems which result from their work that prepares them to meet the struggles of life after graduation.

He also stated that he considered that it should be a duty of the college to bring the Chairman of the Board of Trustees each fall to speak before the college at the opening of the college year.

—Russell Miller, '22, is located in Utica as the representative of the Connecticut General Life Insurance Company.

Carpe Diem

Greeting

Summer has flowed and fall has settled.

Winter hasn't come and the houseflies haven't left.

The apples on the third hole are ripe those on the fifth tee—not yet.

A half-a-dozen sheepskins appeared in chapel last Monday. Six men in chapel were warm. Two hundred and ninety-four men were frozen. Monay night two hundred and ninety-four men searched closets to fit themselves to unclaimed sheepskins.

Last year's pet rat now has ratlets. If a poll tax could be collected from each one, Carpe Diem could spend his week-ends in Bermuda—or Utica—or Clinton.

As befits this time of year, the bulletin boards are emblazoned with the customary appeals. Carusone—in a prosy entreaty—encourages ye college men to be clean and change sheets once each term. "Cal Lewis has work for a man who can use a scythe," which no one reads twice. Freddie Fuess sells furniture via the bulletin board and also does his book-keeping thereon. Competing stenographic concerns advertise their various degrees of proficiency in Spencerian stanzas. Duke Roemer advertises a desk for sale, and directly beneath is Mahannah's written inquiry, "Who has a desk for sale?"

At this time each year, Carpe Diem is in the habit of reminding ye slime of ye "cuttething across ye grass," and ye "knowething of ye college yells and songs,' 'and of ye "Hello", but Carpe blushes a crimson pink when he thinks of the futility of such warning this year. He has been given to understand that sophomores have taken upon themselves ye privilege of escorting "ye girls of '26" over ye grassy ways. Last Tuesday night at Commons "one of those nasty sophomores" was seen with a touch of green in his tie—or his eye. One hundred and four of the freshmen boisterously protested by commissioning one of their number to request the sophomore "Please don't wear that green—that's our color," whereupon six men fainted from excitement. At this point the whole class burst into tears and to hearten them, one of the upperclassmen led in prayer.

Speaking of freshmen— and this is authentic—Pete Gould—as we all know—helped decorate the campus with a 1922 model flapper at yet under class rows on ye first day. After cudgeling her brain for half a second, she turned to Pete and asked, "Do all the freshmen have to wear those little green and white buttons in the lapel of their coat?"

It's a fact that one of our distinguished alumni who was one the Hill last Sunday night said that as he crossed the campus he saw advancing toward him what he thought resembled a batallion of S. A. T. C. soldiers. Puzzled, he awaited their approach and discovered that they were only the Alpha Delt freshmen doing company front on the way to Commons.

The story is told of one of the Deke freshmen who inquired of an upper classman if this "gym-shoeing" that the faculty had abolished really prohibited the wearing of tennis shoes! Report has it that Baldy has changed some classes to the morning. You might know that even our sleep is to be taken away.

With the new tariff and the expected rise in clothing prices, it looks like a bad year for Wicks' and Cooper's.

No, Reginald, those little black creatures perambulating around the Hill with the attractive odor are not Stink's puppies. He took them to Paree with him.

Freshmen, Freshmen, thou are indeed wonderful creatures! You have transformed this unshaven gang of hod carriers into one grand gathering of social hounds. The D. U.'s have made their manly selves into fashion models for Brooks Brothers, the Dekes are looking actually civilized, and wonder of wonders, the Beta Kaps are discussing the "rawther decent appearance of the campus." To be still more concise, rushing is upon us, or rather, it's effects are still here.

Some inquiring soul among the newcomers wanted to know if the Psi U House was the freshman dormitory. Another wanted to know if all the freshmen were staying at the Alpha Delt Hall.

COLLEGE APPOVES NEW MEASURES

Passes Two Athletic Taxes—Classes Advanced a Half Hour to Lengthen Football Practice

Two new taxes, presented to the college by Mr. Prettyman at morning chapel, were approved by the students to take effect immediately. One is an increase in the general athletic tax which appears on the term bill. The other is a towel tax.

Mr. Prettyman explained that investigation had been made which revealed the fact that Hamilton College was far below the average of the colleges of similar size in regard to its athletic tax. The tax here which was formerly $15 was voted to be raised to $20, to meet the increased athletic expenses which have come with the expansion of the department.

It was voted also to charge a tax of $1.50 per man, which entitles each student to the use of a towel for the entire college year. When a man desires a clean towel he can receive such by turning in his old towel. If any student does not wish to make such arrangement, he can free himself from the tax by requesting the bursar not to charge him with it. This new plan comes as a happy solution to the towel situation which has bothered the athletic teams in past seasons, and is equally advantageous to the men who do not take an active part in athletics.

In order to supply more time in the afternoon for the football team to practice, the college has adopted a new time schedule of classes, beginning last Wednesday. This new schedule advances all classes and exercises one half hour. Morning chapel starts at 7:30 instead of at 8:05, as formerly, with the first class called at 8 o'clock. This causes all classes to be finished by three in the afternoon, allowing men who have a last hour class to get out on the field at a reasonable time.

All boarding houses have been asked to adopt a uniform time for meals; lunch at 12 o'clock and dinner at 6:30. This new schedule is to remain until the close of the football season on November 11, the date of the Union game.

TRUSTEES TO DISCUSS PLANS FOR ENLARGING CAMPUS

At the annual fall meeting of the trustees of the college, plans will be brought up which may result in extending the campus along the college owned property between the present hedge boundary and the President's house. In all there are about 270 feet frontage on the Hill road. A strip of this, forty feet in width, will be added to the property adjoining the President's house. The next forty feet will be converted into the entrance for a roadway which will go at right angles to the present cement highway. This road would give access to three buildings to be erected, one of which may be an infirmary. One of the reasons for the improvement is to give a more unified appearance to the land connecting the President's house with the campus.

PUBLICATION BOARD STARTS CAMPAIGN

Makes Club Offer to College Body and Alumni—Will Try to Get Offices

The publications of Hamilton College will this year inaugurate a new policy in regard to subscriptions. The Publication Board, composed of the editor and business manager of each publication, has adopted this plan as an outgrowth of the suggestion to adopt a publication tax which was much discussed and voted upon in chapel, but had to be abandoned. This plan, which is intended to benefit the college and at the same time to put all the publications on a firmer footing, means that all publications are under the direction of the above mentioned Publication Board. The Board offers a Special Club Offer of **Life**, Lit, and the Royal Gaboon for a year for $5.25. **Life** alone is $2.25 per year, Lit $2.00 and the Royal Gaboon $1.75. This offer means a saving of 75 cents a year and at the same time subscriptions taken now all help to put the Board on a solid financial basis with which to start the year. This is also a good time of the year to pay this amount as the money can be sent for at the same time with the college term bills. The 1924 Hamiltonian, which is expected to be fully equal to any published in recent years, will sell for $4.00 per copy. This subscription should be included with the others, when signing the cards provided by the Publication Board.

The response to this special offer has been fairly encouraging thus far and it is hoped that every man in college will support the publications in this manner, for these are the truest representatives of Hamilton tradition. It is expected that before long the College Building and Grounds Committee will provide rooms for the offices of the Board, which will greatly facilitate their work.

FROSH RECEPTION HELD IN COMMONS

(Continued from page 1.)

stanza, the battle was quite even, Sailor having the edge during the first minute and Kutz the last. In the third period, Kutz had easily the best of it. He continually jabbed Sailor in the face and occasionally rocked him with a series of swift right and left smashes. The final round was also Kutz' by a wide margin. His experience showed to advantage but Sailor made a good showing against his more skillful opponent.

The singing of Carissima then closed the evening's activities.
